August 26, 2011

Dear Parents/Guardians,

In the spirit of providing the most safe and secure learning environment for all of our students and staff, and for the purpose of having an accurate account of who is in our school buildings at any given time, we are implementing a new "Visitor's" procedure that will go into effect immediately.

All visitors will be required to sign in and leave a form of picture identification (ex. driver's license) with the office staff in exchange for a visitor's badge. At the conclusion of the visit, the visitor will sign out and exchange his/her badge for the picture ID.

Thank you for your continued support and cooperation.

Sincerely,

Michael W. Jolin, PhD  
Superintendent of Schools

MISSION STATEMENT

The Thompson Public Schools are committed to excellence throughout the school community. In a positive and caring environment, students will master life long learning skills to achieve individual maximum potential. Students will participate in a challenging curriculum that encourages creative and critical thinking. In partnership with community and family, we will foster the values of integrity and respect in a diverse and changing society.
