I. Call to Order

Meeting called to order at 6:00pm by William Witkowski.

II. Discussion

- A. Alternative Energy Discussion: William Witkowski opened the meeting by stating that all three Boards should be on the same page regarding alternative energy. Ken Beausoleil stated that there will be a savings for the school because the facility is so large. William Witkowski stated that there is already a Building Committee to replace the oil tanks and the school roofs, and would like to modify the charge to add alternative energy to the list. Ken Beausoleil stated he will have the charge reviewed at the next Selectmen's meeting. Discussion was held regarding Building Committee members. There should be additional Building Committee members as there are only 4 members right now. A committee of 7 members would be appropriate. Susanne Witkowski suggested that all Boards be in attendance when the Building Committee reviews proposals. Shayna Smith stated that a joint committee meeting be scheduled again regarding any alternative energy discussions. Consensus between the Boards is to move forward with the Building Committee.

III. Adjournment

There being no further business the meeting was adjourned by Susanne Witkowski, seconded by Linda Jarmolowicz at 6:30pm.

Respectfully submitted,
Danielle M. Pederson
Recording Secretary to the Board
